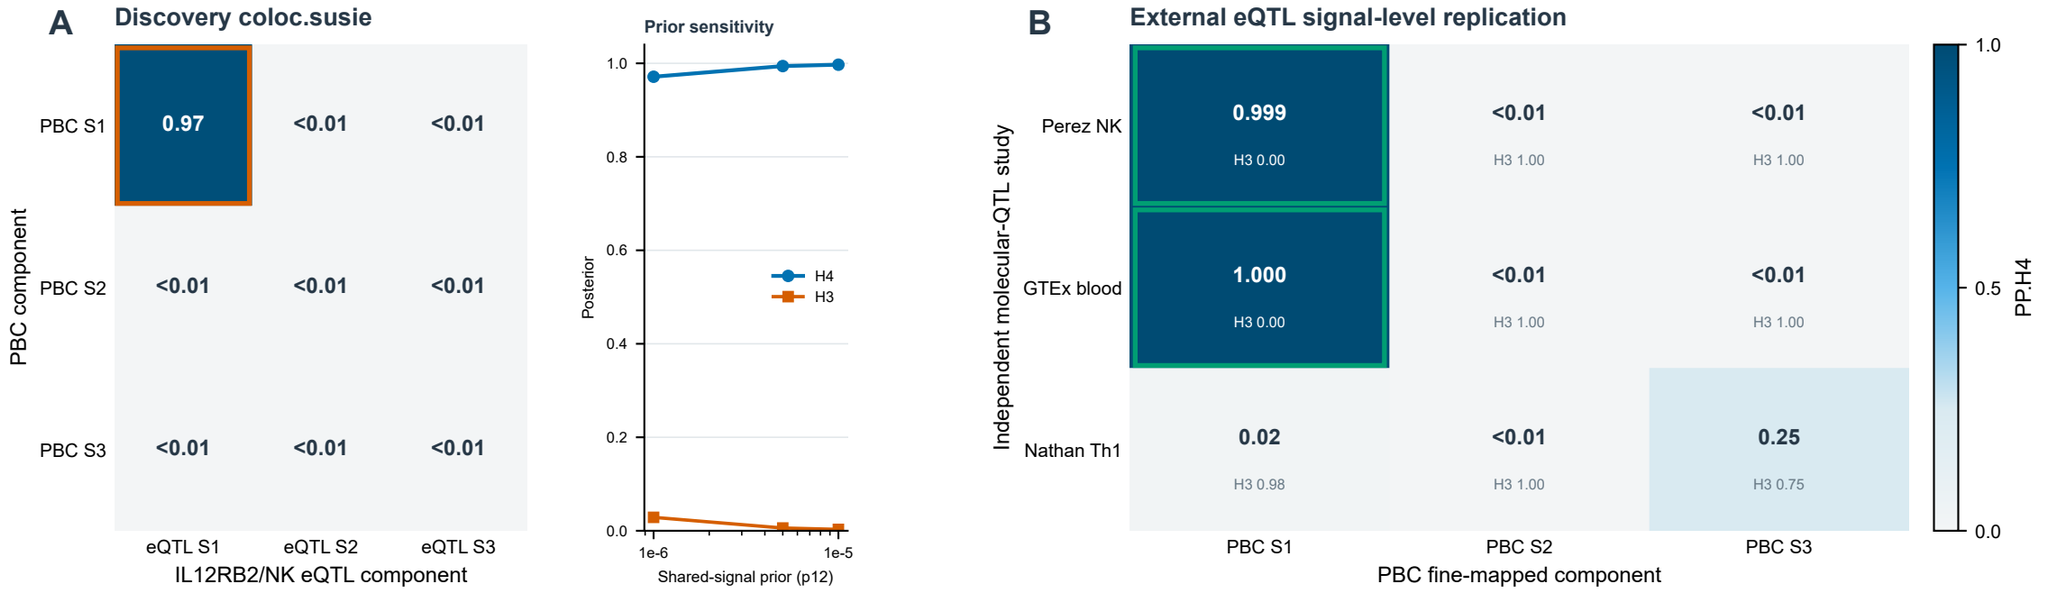

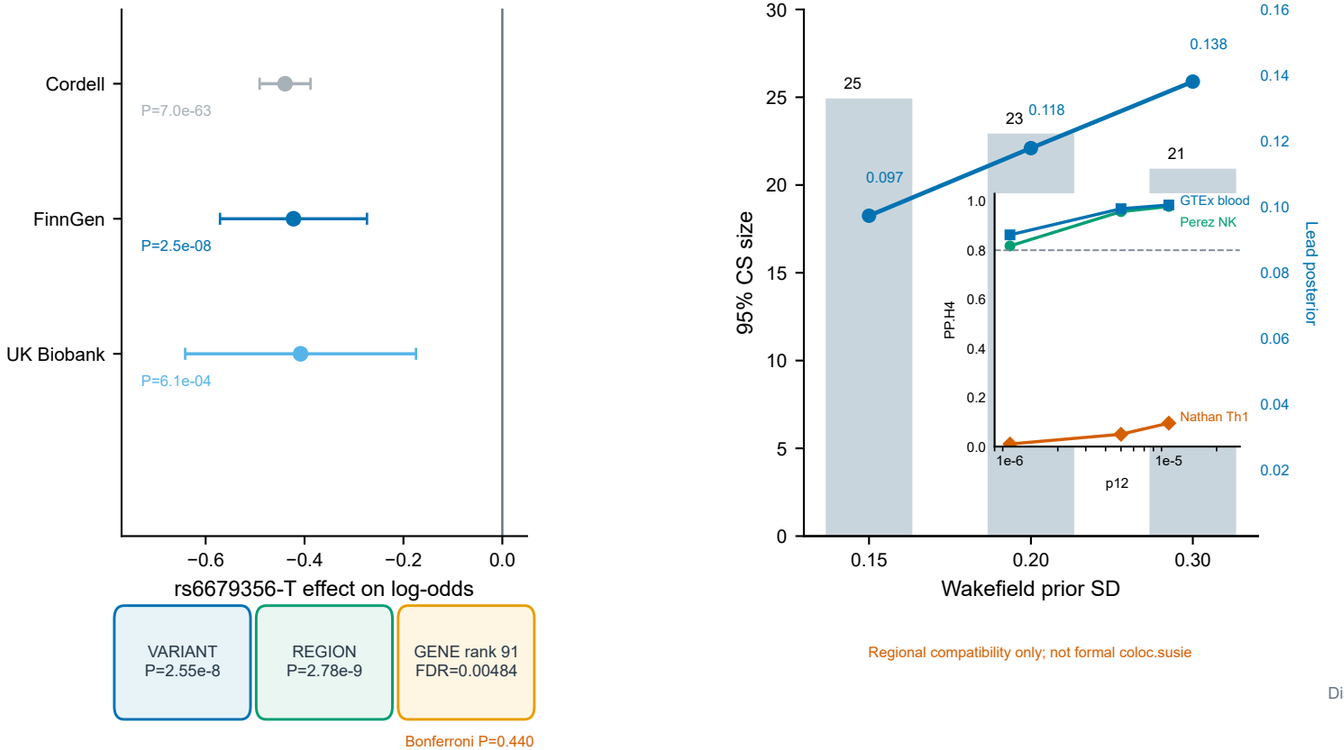

Figure 3 | Discovery colocalization and external validation of IL12RB2

Shared rs6679356: PP.H4=0.971–0.997; convergent L=3 eQTL review.

Perez NK and GTEx blood replicate S1; Nathan Th1 defines a context boundary.

CSF protein is discordant and compartment-specific.

Discovery sharing, independent molecular replication, FinnGen replication and directional boundaries are shown together.
